Kaduwela, Sri Lanka

Professional Summary

Final-year (4th) Financial Mathematics and Industrial Statistics student with six months of internship experience as a Data Analyst in Quality Assurance. Skilled in Excel, Power BI, SQL, and R with experience in data cleaning, analysis, visualization, and dashboard development. Interested in data analytics and manufacturing/demand planning, with a focus on using data-driven insights to optimize planning processes, improve resource utilization, and support operational decision-making.

Work Experience

Data Analyst Intern – Quality Assurance | *MAS Active – Linea Intimo, Biyagama* **Apr 2026 – Oct 2026**

- Internship project:* Automated Excel workflows to calculate End-Line Inspection Team Member requirements and utilization using SMV-based calculations.
- Developed Power BI dashboards for QA Sewing, Fabric Inspection, and Quick Changeover (QCO) KPI monitoring and performance analysis.
- Conducted Internal Craftsmanship Audits across 10 styles, identifying defects and supporting problem solving and preventive actions.

Education

- BSc (Hons) in Financial Mathematics & Industrial Statistics** **2022 – 2026**
University of Ruhuna, Sri Lanka
- Main Subjects:** Statistics, Operations Research, Financial Mathematics, Time Series Analysis

Technical Skills

- Data Analysis & Visualization:** Excel, Power BI, Tableau, Minitab, SPSS
- Programming & Automation:** R, SQL, Python, Excel VBA
- Analytical Abilities:** Data Cleaning, Exploratory Data Analysis (EDA), Dashboard Development, KPI Monitoring

Projects / Research

Factors Influencing English Fluency Among Undergraduates | *Logistic Regression* **2025 – 2026**

- Identified demographic, educational, socioeconomic, and exposure-related factors influencing English fluency.
- Analyzed a stratified sample of **383** undergraduates (20.7% response rate) drawn from a population of **1,850** across four academic levels and four degree programmes.
- Developed a binary logistic regression model in **R** using purposeful selection, with chi-square and Mann–Whitney tests for preliminary screening.
- Identified five significant predictors (English-medium schooling, A/L English grade, A/L Z-score, media exposure, society membership); model achieved **76.8%** accuracy and **AUC 0.835**.

Forecasting Monthly Retail Prices of Samba Rice | *Time Series Analysis* **2024 – 2025**

- Developed a time series forecasting model for monthly Samba rice retail prices in Colombo.
- Applied **ARIMA** and **SARIMA** models in R, including stationarity testing (ADF), model selection via **AIC/BIC**, and residual diagnostics to ensure model validity.
- Achieved high forecasting accuracy (**RMSE $\approx$ 9.73, MAPE $\approx$ 7.57%**).

- Formulated an **Integer Linear Programming** model to optimize cleaning worker scheduling across **6** departments.
- Implemented and solved the optimization model using **MATLAB** under real-world operational constraints.
- Reduced required cleaning staff from **14** to **11** workers, improving workforce efficiency while ensuring full coverage.

Publications & Conference Presentations

- | | |
|---|------|
| • Oral Presenter and Co-Author , 4th Mini Symposium, Department of Mathematics, University of Ruhuna
Delivered an oral presentation titled “Analysing the Impact of Lifestyle Factors on Human Sleep Health.” | 2024 |
| • Co-Author , 4th Mini Symposium, Department of Mathematics, University of Ruhuna
Contributed to “Modeling Monthly Average Retail Prices of Samba Rice in Colombo, Sri Lanka, Using Time Series.” | 2024 |

Certifications

- | | |
|--|------|
| • Google Data Analytics Certificate – Coursera | 2026 |
| • Excel Advanced Formulas and Functions – LinkedIn Learning | 2026 |
| • Power BI Essential Training – LinkedIn Learning | 2026 |
| • Python for Beginners – University of Moratuwa | 2026 |

Leadership & Achievements

- | | |
|---|-------------|
| • Showcasing Manager , Actuarial & Data Science Society – University of Ruhuna | 2025 – 2026 |
| • Member , Actuarial & Data Science Society | 2024 – 2025 |
| • Member , Mathematics and Statistics Society – University of Ruhuna | 2022 – 2025 |

Sports

- | | |
|--|-------------|
| • Softball Cricket – University Batch Meet Participant | 2023 – 2026 |
| • Participated in All-Island School Softball Cricket matches on two occasions | 2017 – 2018 |
| • Athletics – School | 2011 – 2016 |
